M. L. MCCAUSLAND
Director of Film Classification

Honourable Brian Smith, Q.C.
Attorney General
VICTORIA, B.C.

SIR: I have the honour to lay before you a report of the business done in pursuance of the Film Classification Branch during the fiscal year ended December 31, 1985.

Mary-Louise McCausland

- Director

June 6, 1986

INTRODUCTION

The Motion Picture Act of 1979 is the authority under which this Branch operates. All pictures to be shown to the public must first be submitted to the Director for classification. The three categories of classification are **GENERAL**, **MATURE** and **RESTRICTED**. A warning indicating the possibly objectionable content of a film may be assigned as part of the classification.

The experimental **14 YEARS - LIMITED ADMISSION** category appears to have been accepted and understood by both the public and industry. During the past year 56 films received this classification.

The major topic of concern is video. It is affecting attendance at theatres and the more adult-oriented material is the subject of public comment regarding accessibility to minors. Pressure has been brought by both public and industry for some system of government regulation.

Althought the number of arcade films continues to decline, an increase in the number of feature films viewed has more than offset the decline in arcade material.

I hope that you will find this report useful and informative.

Mary-Louise McCausland
- Director
